**Reference : Internship in Ireland**

Dear Ms Clavel,

After being selected in the final step, I am contacting you to confirm my wish to participate in the Internship in Ireland. Thanks to IUT Blagnac, this year, I hope to have the opportunity to begin my international career. In fact, to finalize my degree, I need to find an Internship in a company and I hope to go abroad.

Currently, in the second year of my two year Technician degree in IT studies. This diploma gives me a lot of skills in IT. Such as programming in Java, C, Oracle SQL ..., in communication and English. However my current level in English is my main weakness for the moment and this is the skill that I want to improve.

I have a correct level in technical and social English, but my wish is to considerably improve myself and I think this Internship will allow me to do it. My English level is very important for my future. Firstly due to my applications in schools and later for my job. It will be an unbelievable experience, the opportunity to see a new work method and a unique challenge in a international environment.

I am at your disposal, if you have any question please contact me. I look forward hearing from you.

Yours sincerely.

DELIOT Maxence
